# ABOUT US

At Brilora Fertility, our goal is to support, educate, and build a safe community for patients at every stage of the fertility journey. With an ever-evolving network, the Brilora Team has linked arms with professionals, businesses, and organizations in both Michigan and California to provide greater resources that benefit our community. These resources range from support socials to financial grants.

When we applied for the Brilora Fertility Grant, our savings accounts had been drained and our credit cards were nearly maxed out. Without the help, we would have had to postpone the journey for the foreseeable future. Thankfully, as recipients for the grant, we were able to continue our journey and delivered in September 2023.

*Lauren & Mikayla, Grant Recipients*

“ I think when you go through infertility, you feel like you're alone, and you're not. ”

**KELLY  
STAFFORD  
BRILORA  
BOARD CHAIR**

Kelly Stafford is best known as the wife of NFL quarterback Matthew Stafford and the host of *The Morning After* podcast, where she openly discusses her life experiences, including her journey through motherhood, health challenges, and infertility struggles. Now serving as the board chair of Brilora Fertility Foundation, Kelly is a passionate advocate for fertility awareness. Having experienced her own challenges with in vitro fertilization (IVF), which she describes as a "blessing" that allowed her to build her family, Kelly is dedicated to helping others access fertility treatments. Her personal connection to fertility fuels her commitment to breaking stigmas and ensuring financial barriers don't stand in the way of family-building dreams.
